

Big Portage Lake History Project

We reduced the number of questions for a written history of your time on this lake to just a few in an effort to compile a history of more lake properties. If you are interested in writing a more detailed history now or later, we'd be glad to include it. Thanks to those who have already sent in their information.

Please print and record your answers in a separate document and email to daveleifheit@aol.com or mail to:

We thank you!

Please include the name of person sending the history information, owner(s) and address of the lake property.
